## Now available in N scale

### Box cars for modelers of any era

Bachmann has a variety of rolling stock that is sure to meet all of your N scale logistics needs. Newest to join the expanding fleet are old-time box cars and the 50'6" outside-braced, sliding-door box car. Each style is available in numerous road names and in colors every N scale enthusiast is sure to love!

***Some features include:***

- Silver Series® rolling stock - fully assembled
- highly detailed painted bodies with precision graphics
- blackened, machined-metal wheels with RP25 contours
- non-magnetic, blackened-brass axles with needle-point bearings
- *Celcon*® trucks
- added weight for optimum tracking performance
- N Scale 1:160

## Old-Time Box Car

**Chicago & North Western™**  
Item No. 15655

**B&O®**  
Item No. 15656

**Union Line**  
Item No. 15657

**Rome, Watertown and Ogdensburg RR**  
Item No. 15658

The early steam-era box car is available in six road names and a variety of colors. Each pair well with our steam-era locomotives. Railroads across the U.S. printed their names and slogans on these colorful freight-hauling cars. Bachmann's N scale steam-era box cars arrive historically accurate with additional features including a separately applied brake wheel and body-mounted *E-Z Mate*® couplers.
