

Diesel Sanding Tower Kit

\$17.98 ea

- Prototypes designed especially for servicing diesels
- In service from late 1950s to the present day
- Typical of towers used at major engine facilities & short line terminals
- Detailed safety cage ladder and supply piping
- Four outlet hoses
- Looks great alongside the Cornerstone Diesel Fueling Facility (933-2908, sold separately) and other engine terminal structures
- Molded in light gray
- *Shown assembled, painted and weathered by modeler.*

**NEWLY
TOOLED**

Figures, vehicles, scenery items, and railroad equipment not included.
