

KATO'S GE P42 "GENESIS" LOCOMOTIVES

CELEBRATE AMTRAK'S
50TH IN STYLE!

2021 Marked the 50th Anniversary of the founding of Amtrak®, and they celebrated with the production of a number of special anniversary paint schemes that celebrated both Amtrak's past and its future. Now, in 2022, Kato USA is following suit by replicating those paint schemes used on Amtrak's P42 engines, starting with the modern "Phase V" and sleek "Midnight Blue" engines (shown above), along with the retro styled Phase I and "Dash-8 Phase III", finishing off with the "Phase VI", a new paint scheme that will adorn Amtrak's newest engines, the ALC-42 "Chargers". Rounding out the production of anniversary units will be **Operation Lifesaver** unit #203, coming later this year beside standard Phase V paint P42 releases.

Utilizing a unique truck-motor design, the HO GE P42 from Kato USA is able to pull an enormous number of cars, such as the recently released **Viewliner II Baggage**, smoothly and gracefully thanks to its heavy weighted body!

The HO GE P42 is also available with **DCC + Sound** with an onboard **ESU LokSound** Chip by special order only, be sure to reserve your locomotive today!
