

New Model Information

- October Pre-Order for April 2023 Delivery -

23-177	One-sided Platform Complete Set	MSRP \$35
23-178	One-sided Platform A	MSRP \$14
23-179	One-sided Platform B	MSRP \$14
23-180	One-sided Platform End	MSRP \$12

● The long-time sellers, one-sided platforms, are now renewed. Not only do they look realistic but also they comply with Unitrack standards, making them very easy to use.

◆ Features of the product

- ① The texture of asphalt is reproduced on the upper surface of platforms
- ② **23-177** One-sided Platform Complete Set will replace **20-815** in the Kato product line.
- ③ Contents of set: One-sided platform A x 1, One-sided platform B x 1, One-sided platform end x 1
- ④ A set of one-sided platforms which allows a 6-car 20 m class train set to stop aside, suitable as a variant of station and for double track layout plans.
- ⑤ **23-178** One-sided Platform A will replace **23-110**.
- ⑥ Length: 246 mm
- ⑦ Complete with a kiosk
- ⑧ The staircase in 23-200 Overhead Station can be set in by removing the roof cover.
- ⑨ **23-179** One-sided platform B (complete with a staircase) will replace **23-111**.
- ⑩ Length: 248 mm
- ⑪ Complete with station staff office
- ⑫ Staircase to the underground passage can be reproduced at the same position as the island platform.
- ⑬ **23-180** One-sided Platform End (left and right each 1 pcs.) will replace **23-112** and **23-113** in a combined set.
- ⑭ Length: 200 mm
- ⑮ A set made of the platform ends (left and right)
- ⑯ One-sided Platform End has no sticker included. Please use those included in One-sided Platform A/B (#**23-178/179**).
