*"Life is like an old-time rail journey...delays, sidetracks, smoke, dust, cinders and jolts...interspersed only occasionally by beautiful vistas and thrilling bursts of speed. The trick is to thank the Lord for letting you have the ride."*

*- Jenkins Lloyd Jones*

## Friends,

We find ourselves at the end of another interesting, rewarding, challenging, and excitement-filled year. As I reflect on 2022 and write this letter to you, I'm inspired to share the quote above as it captures much of what I'm feeling. The quote is likely familiar to many of you and is featured on a lovely piece of framed artwork that hangs in my office, given to me by a valued colleague who retired from Walthers several years ago. We certainly all have had our delays, sidetracks, and jolts in this past year, however, we also saw thrilling bursts of speed and beautiful vistas of "normal" life returning as the pandemic wanes.

I like to think I live my life with gratitude for the many blessings – big and small – that surround me. This year, I am particularly grateful for the opportunity to lead my family's business through its 90th anniversary year. I am grateful for the team that supports me in that effort, and we are grateful to serve you as you enjoy this great hobby of ours. I am grateful for the many team members who celebrated anniversaries with the company, and one stands out – my father, Phil, who, while retired from day-to-day operations, celebrated 50 years at Walthers while serving in his role as Chairman of the Board. What a true gift and privilege it is to continue to benefit from his guidance and model of stewardship as we navigate forward into the future.

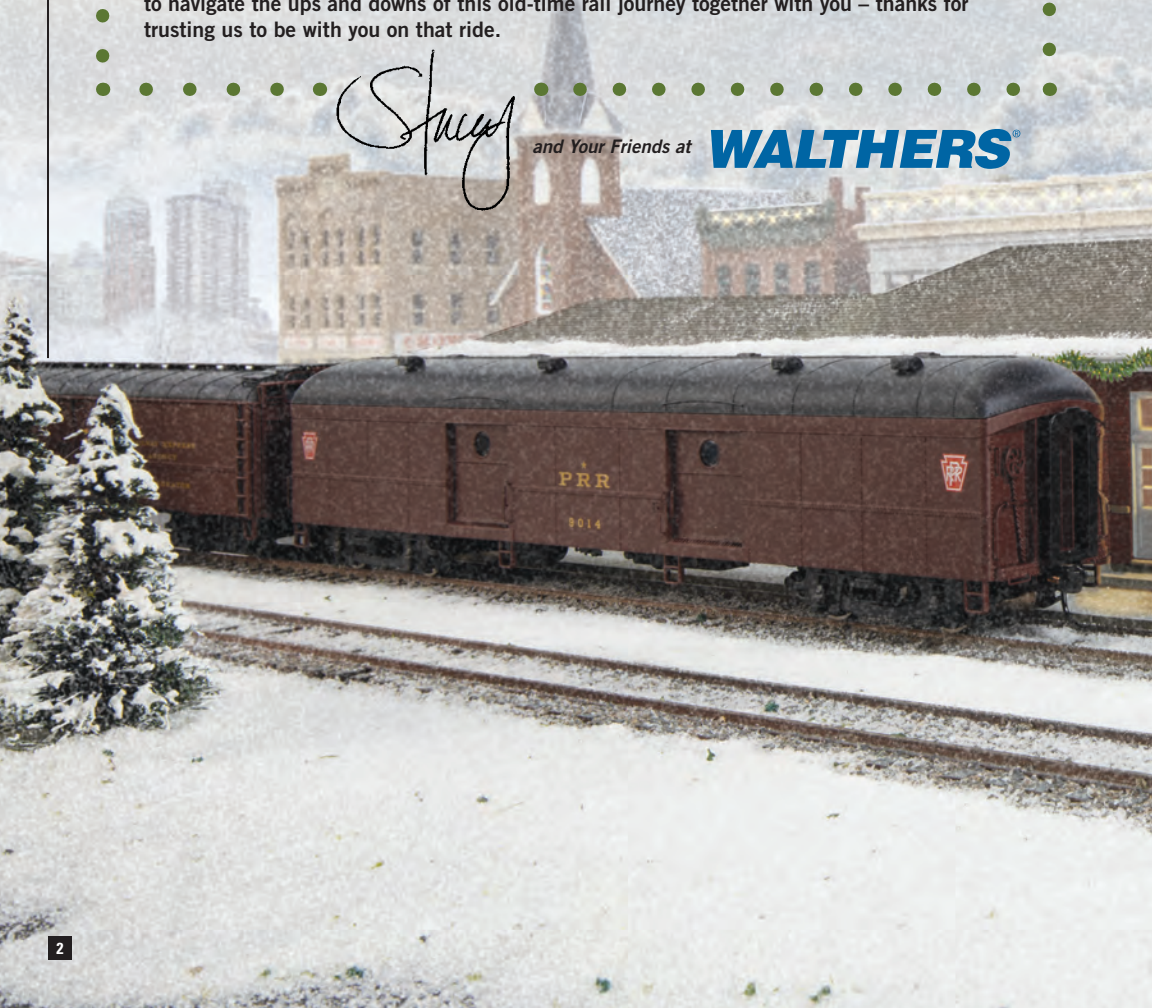

Phil and I know that these milestones could never have happened without you, our valued customers. We appreciate that you have your own cinders, dust, jolts, and challenges navigating the rails of life. We also know you have choices – how to spend your precious free time and hard-earned money. Whether you buy directly from us or from one of our hobby shop partners, we are deeply grateful to be a part of your hobby enjoyment. And, we hope the hobby is a nice relief and respite from the disruptions along the route of day-to-day life.

We wish you good health, happiness, and many beautiful vistas and thrilling bursts of speed as you enjoy this holiday season and head into a new year ahead. We are honored to navigate the ups and downs of this old-time rail journey together with you – thanks for trusting us to be with you on that ride.

*Steve*

# Dashing Through the Snow!

Only Santa will have more packages to deliver than the railroads - but he only works one night each year! From late September into the new year, railroads move an avalanche of holiday mail and express, working around the clock to deliver those all-important cards and gifts ahead of the holiday. Looks like the jolly old elf himself is on hand to help with deliveries on this snowy morning, much to the delight of some young travelers! Bringing memories like this to life is easy with Walthers, here are some ideas to set the scene on your layout...

**NEW HO WalthersProto® B60b Baggage Car - Modern Keystone Scheme**

# GIVE THE GIFT OF MODELING THIS HOLIDAY SEASON

## WALTHERS ALL NEW MODELING KITS!

A subscription program for both new and experienced modelers, each kit is an all-in-one crate filled with the materials and instructions needed to build a miniature world!

## DELIVERED STRAIGHT TO YOUR DOOR!

Walthers *Build-A-World* is a six month program with a kit delivery each month, taking the modeler from start to finish on creating a 12" x 24" diorama.

## CUSTOM THEMES

Choose from three themed programs including Mainstreet USA, American Farmstead and Northwoods Retreat. Each theme provides hours of quality modeling enjoyment.

## TEACHING NEW SKILLS

Each month brings skill-building projects that apply to model railroading; laying and ballasting track, structure building, tree making, scenic detailing and more. Confidently tackle each project using the easy to access step-by-step videos and printed instructions. Even for the active modeler, Walthers Build-A-World kits are a great way to brush up on skills away from a larger layout.

## STAYING ACTIVE IN MODELING

For some, a new home in an apartment, condo or assisted living facility means leaving their layout behind. What better way to keep doing the hobby they love! These 'kitchen table' modeling kits take up little room and arrive each month allowing plenty of time between kits. And when completed, can be proudly displayed and used to showcase a favorite locomotive and a car or two.

### A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check [walthers.com](http://walthers.com), email us at [custserv@walthers.com](mailto:custserv@walthers.com) or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

## SETTING THE SCENE SINCE 1960

Starting with a bang in 1955 manufacturing fireworks, increasing regulation soon led the Busch family to purchase their first injection molding machine. Entering the hobby industry in 1958 with aircraft kits, by 1960 a new and fast-growing line of model railroad accessories put the firm on the fast-track to success.

While the fireworks are long-gone, Busch continues to deliver more bang for your hobby buck to modelers worldwide! Today's product line includes over 900 different items, from scenery materials to advanced electronics, along with 400+ vehicles in HO and N Scales - check out a small selection on the following pages, and see the complete line at [walthers.com/Busch](http://walthers.com/Busch).

 Woodland Scenics. Detail your downtown with this Built-&-Ready structure featuring flickering TVs with LEDs made for use with the Just Plug® Lighting System. An eye-catching printed interior creates the illusion of depth, from the shop at the front to a stockroom in the back. The building is hand-painted and weathered with loads of signage. Other exterior details like a loading dock with a dolly, a dumpster and more add to the building's authenticity. The structure also comes with a pre-installed LED interior light made for use with the Just Plug Lighting System.

### The Model Railroaders Guide to Iron Ore Railroads

Kalmbach. An exploration  
of the iron ore industry  
and the role played by  
rail. Noted author Jeff  
Wilson details the history  
and evolution of the iron  
ore industry and railroads  
across all eras from the  
late 1800s to today.  
This how-to modeling  
book covers the process  
of mining ore; how  
preparation plants function  
and the loading and  
transferring of ore from  
trains to ships and back to  
trains. This book is loaded  
with period and modern  
photos, including many  
previously unpublished.  
You'll learn how to take  
information from the real  
thing and accurately apply  
it to your own layout with  
this detailed book filled  
with facts about available  
models and tips on  
modeling iron ore mining,  
processing, and operations.

### Model Realistic Freight Car Loads

Kalmbach. This book by  
noted railroad historian  
and author Keith  
Kohlmann will guide you  
in making your models  
more realistic by following  
prototype practice in  
securing loads and  
operating them. Included  
are a lot of photos of real  
loads, drawings showing  
how real railroads secure  
them to cars, and several  
modeled examples with  
tips on making model  
loads as realistic as  
possible. Inside, you'll see  
a variety of types of loads,  
including: farm machinery  
and heavy equipment,  
steel and metal products,  
buses, trucks, cars,  
and other vehicle loads  
and forest products and  
building materials.
