

See Trains? Think KATO

2021 Marked the 50th Anniversary of the founding of Amtrak®, and they celebrated with the production of a number of special anniversary paint schemes that celebrated both Amtrak's past and its future. Now, in 2022, Kato USA has produced HO scale models of all five of Amtrak's P42 special paint engines: The modern "Phase V", sleek "Midnight Blue", retro styled Phase I and "Dash-8 Phase III", and the brand new "Phase VI", a new paint scheme that will adorn Amtrak's newest engines!

Rounding out the production of anniversary units will be **Operation Lifesaver®** unit #203, coming later this year along with standard Phase V paint P42 releases!

Utilizing a unique truck-motor design, the HO GE P42 from Kato USA is able to pull an enormous number of cars, such as the recently released **Viewliner II Baggage**, smoothly and gracefully thanks to its heavy weighted body!
