Modern Power Plant Series Kits

An exciting new trackside industry series! With three structure kits & accessories to choose from, you can mix & match to model a complete facility. Sized to fit most layouts, these kits represent typical, modernized facilities in service from the 1970s on. A Perfect destination for unit coal trains.

Lakefront Energy Power Plant

\$89.98 Each

- New version with main building, plus newly-tooled "bag house" dust collector & high-efficiency exhaust stack
- Molded in three colors & clear
- *Shown assembled, painted and weathered by modeler.*
