Long Life Vehicle (LLV) Mail Truck

\$19.98 Each

- Prototypes in service from 1987 to the present day
- Used by the United States Postal Service & Canada Post - choose from 5 authentic schemes!
- Designed especially for curbside & residential mail deliveries
- Highly detailed body with:
 - Full set of nonworking signal, tail & headlights
 - Detailed interior with driver's seat at right, sorting table & rear bulkhead access door
 - Correct oversize bumpers front & rear
 - Detailed underbody with frame, axles, transmission & oil pan
 - Detailed rolling wheels & tires on metal axles
 - Modeler-applied separate side view and corner safety mirrors
 - Rear access door
 - Scale-size rivets on body to simulate prototype's sheet metal construction
- Looks great on city streets, or parked alongside Cornerstone United States Post Office kits (#933-4063, #933-3782, #933-4200 each sold separately)
- *Preproduction models shown*
