

NSC 3294 CU. FT.

CP MECHANICAL REEFER

- **CAR COMES EQUIPPED WITH SOUND AND A SPEAKER!**
- **A CLASSIC CANADIAN PACIFIC MECHANICAL REEFER**
- **THREE GREAT PAINT SCHEMES TO PICK FROM**

IN STOCK, READY TO SHIP!

Rapido is pleased to offer the NSC 3294cu.ft. Reefer with sound!

The NSC 3294 cu.ft. mechanical reefer, built exclusively for the Canadian Pacific Railway in 1968, served the frozen foods industries from the late 1960s through the year 2002. The majority of these cars retained their CP Rail "Red Script" schemes though their entire service lives, while some were repainted into the classic Multimark scheme. Whether you need them for the meat industry or fresh produce markets, these cars will look right at home mixed into a consist or being spotted at that ever-busy packing plant.

But wait, there's more! Do you like ambient reefer sounds? This model now comes EQUIPPED with a sound module and a speaker! You can now buy the car without having to add this on your own!

The Rapido NSC 3294 CP Mechanical Reefer features:

- Separate grab irons installed at the factory
- Wire stirrup steps
- 70-ton Barber S-2 trucks, with electrical pick up metal wheels
- Rapido Semi Scale metal knuckle couplers
- Drawn from original blueprints and drawings
- Separate door posts, door latches and coupler cut levers
- Fully-detailed underframe, including piping and mechanical equipment

Single \$74.95 USD

Single \$89.95 CAD
