

- New Product Announcement -

- N Scale GE P42 – Amtrak + VIA Rail

Concept Art Shown – Not Final Artwork

New From Kato- The General Electric P42 locomotive is also known as the “Genesis” locomotive. The P42 is a modern 4200 horsepower passenger locomotive used across the United States and Canada. Amtrak’s P42 has replaced the EMD F40PH in revenue service and today they are used throughout the United States and often operated in a mixed consist of Phase IV and Phase V schemes.
