GE U18B LOCOMOTIVES

ADVANCE RESERVATION

Ten paint schemes for the General Electric U18B locomotives are now on Advance Reservation. Five of the schemes are being produced by InterMountain for the first time. These models feature laser sharp decoration, etched metal and wire-formed detail, operating metal knuckle couplers, and precision InterMountain metal wheel sets. Please submit your Advance Reservations as quickly as possible so we can schedule production.

The General Electric U18B locomotive was introduced as a branch line road switcher locomotive in 1973 to replace older ALCO road-switchers (RS series). It was the only North American locomotive powered by the 8-cylinder 7FDL engine. While popular with railfans, only a few railroads bought the U18B. With only 163 units built, the U18B became a niche model for GE, mostly purchased by Maine Central and Seaboard Coast Line. The Maine Central referred to their U18B's as the Independence Class and named their units after revolutionary war heroes. They remained in service until the turn of the century. (U18B information sourced from Wikipedia.)

SHOW ALERT

Amherst Model Railroad Show Recap – Springfield MA – January 25 and 26

The Amherst show was the largest ever with over 27,000 in attendance. The hobby must be growing! Thanks to all of you who were able to make it by the InterMountain booth and visit with our staff. This show is a great opportunity for manufacturers to exhibit their newest releases and visit with their customers.

Rocky Mountain Train Show – Denver CO – April 5 and 6

The Rocky Mountain Train Show is getting more popular as the years go by and is a great opportunity for modelers in the West and Midwest to make contact with the manufacturers and discuss all of the new developments in the hobby. Be sure to stop by the InterMountain booth if you are able to make it to this show.

NEW FACEBOOK PAGE!

Due to technical difficulties it has been necessary for InterMountain to reestablish its Facebook page. The new page can be accessed with the link below or the QR Code.
